SUMMARY

Motivated junior developer with hands-on experience in building responsive websites using HTML, CSS, and JavaScript. Currently completing a BSc in Information Technology where I have developed proficiency in Python, C++, SQL and MySQL. Passionate about crafting intuitive digital experiences, writing clean, efficient code, and continuously learning new technologies to bridge the gap between design and functionality.

SKILLS

- Python
- JavaScript
- HTML, CSS, Tailwind
- PHP & MySQL
- Firebase
- Github
- Figma

EXPERIENCE

2016 – 2020

LAMI CLEANING - ADMIN CLERK

- Captured data such as invoices and maintained accurate client and stock records.
- Managed the office tuck shop, including stock control, cash handling, and order tracking.
- Ordered and replenished cleaning supplies and tuck shop inventory.
- Assisted with light technical installations such as hand dryers, soap dispensers, and other hygiene equipment.
- Supported general administrative functions and contributed to a well-organized office environment.

2015 – 2016

SUNDOWNERS PUB - BARTENDER (PART-TIME)

- Provided friendly and efficient customer service in a busy environment.
- Handled cash transactions, managed bar stock, and maintained a clean, organized workspace.
